May 25, 2004

**KS FAC NOTICE: 2004-1**

**TO:** All Kansas FSA, NRCS, and Rural Development Offices

**FROM:** Kansas State Administrative Committee (SAC)

**SUBJECT:** Service Center Members

Historically, USDA Service Centers have been comprised of county and/or field office employees from three agencies: Farm Service Agency (FSA), Natural Resources Conservation Service (NRCS), and Rural Development (RD). Due to changes in policies, budget considerations and overall efficiency, changes are being considered in the make-up of the Service Centers. In the future, some or all Service Centers may also include employees from NRCS Area offices and RC&D offices.

All entities will be affected by changes within the Service Center, i.e.: space modifications, usage of office machines, supplies, Service Center policies, signs, etc.

In reaching a consensus on issues affecting the Service Center, each agency will continue to have one voice. FSA will have one voice representing the county office and district office. NRCS will have one voice representing the county office, area office, conservation district, and RC&D. RD will have one voice representing the local office and area office.
